#### ***About our SOUPS***

We love to make soup! We always cook “from scratch”. We never BUY our soups! (Shudder!) Our soup is never canned, never frozen, and never from a mix. Our 6-burner Vulcan stove sometimes has all six going at once! What fun! Food is meant to be shared, and what’s better than a steaming bowl of fresh SOUP? Circles’ soups usually start with a saute ( in olive oil or butter, unsalted) of root veggies and take off from there. We love to eat and we believe that “you are what you eat”, so we tend to use FRESH, first quality ingredients at every turn. People love our soups! We offer at least four soups each day and one of them is VEGETARIAN ( contains no meat or meat products but may contain butter, shrimp, clam or lobster.) Here’s our SOUP LIST:
